
A WORD ABOUT FETAL PAIN LEGISLATION

Fetal pain legislation is the typical “incremental” approach to end abortion that National Right to Life (NRL) always comes up with. That's all NRL ever does – come up with legislation. It will never stand upon God's Word. It runs from His Name. Therefore, it will never fight the battle so as to win! Abortion is preeminently a Gospel issue.

NRL mistakenly believes abortion to be a legislative issue and therefore can be resolved by political means and through legislative avenues. Fetal pain legislation is an easy win for NRL – even Democrats will sign on to this one.

It will also prove to be a good fund raiser, similar to *the partial birth abortion ban, parental consent, 24-hour waiting periods, ad nauseam*. But it is inspired by the devil himself. Why? Because fetal pain legislation, though it may sound good, is a monstrous lie that takes our eyes off the true nature of the battle.

That's right! The devil would be happy to sign this, oh so cleverly crafted, piece of legislation. “*We need to be kind to the babies we are going to murder, so let's reduce the pain for God's sake. Let's be humane in the way we kill.*” See, the devil loses nothing here. It is just a “gentler and kinder” way to kill.

This kind of legislation assuages our guilty consciences over the brutal murder by abortion of thousands of children every day, and makes us feel like we have accomplished something for God. In fact, we have only exacerbated the problem. We Christians must unsheathe the Sword of the Spirit (the Word of God) and stand where God stands. The life of every child conceived is precious in God's sight. Their little lives are never to be legislated away by God's people – no matter how well intentioned the legislation is.

The devil always likes to makes us feel that we are the crafty ones. So crafty, as a matter of fact, that we continue in our lunacy in Washington, D.C., coming up with ridiculous legislation, raising millions of dollars, and accomplishing so very little. Though these bills, some of them law now, may seem productive, they are in reality counter-productive.

They will be no more effective at ending abortion than all the bills introduced to deal with the issue of slavery. The incremental 3/5'ths law seemed like progress – the slave was now considered three-fifth's of a man – but nothing less than national repentance over the SIN of slavery would ever end the diabolical institution itself.

The national call to repentance over slavery began in the churches of our land. A great Civil War had to be fought as a judgment upon both North and South, and an Emancipation Proclamation freeing the slaves had to be signed by the President himself, for God's wrath upon this nation to subside.

All of the bills initiated by NRL have done very little to bring abortion to an end. Although these bills and laws may stop some abortions, they will never end ABORTION! This is a job that only the Church of Jesus Christ is equipped to fight. The gates of hell cannot prevail against her. Abortion will come to an end in America when the Church of Jesus Christ makes up her mind it will come to an end – not one second sooner. Judgment begins in the house of God

Only a national call to repentance over the sin of abortion (over 50 million children dead), and an issuing of the Emancipation Proclamation for the Unborn Child, signed into law by the President of the United States of America, will demonstrate the fruit of our repentance. Anything less will prove to be utterly futile.

FINALLY – A BILL THAT TRUE CHRISTIAN LAWMAKERS CAN SUPPORT

After 34 years of attempting to push through incremental political legislation to end child killing. Here is the best piece of legislation yet.

A truly pro-life Bill, designated House Bill-1, sponsored by Bobby Franklin and co-sponsored by Melvin Everson, was brought before committee in the Georgia

State House on Tuesday, January 9, 2007. Dr. Alveda King and Sandra Cano, the Doe of Doe v. Bolton, will be present for the hearing

(HB1) is, without a doubt, the very best bill that any state has brought before its legislative body to this date. It certainly encapsulates the principles of Scripture. The only thing it does not do is quote the Word of God – too bad! It is truly an all out declaration that human life begins at conception and therefore is due protection under the color of Law.

HB1 states, “Justice Blackmun, writing for the majority in *Roe v. Wade*, 410 U.S. 113 (1973), wrote: ‘when those trained in the respective disciplines of medicine, philosophy, and theology are unable to arrive at any consensus, the judiciary, at this point in the development of man’s knowledge, is not in a position to speculate as to the answer [to the question of when life begins].’ Now, 30 years later, the General Assembly knows the answer to that difficult question, and that answer is life begins at the moment of conception;” HB1 Article 5 section a) 1

“As a direct result of three decades of legalized abortion on demand, the nation has seen a dramatic rise in the incidence of child abuse and a dramatic weakening of family ties, with the infamous *Roe v. Wade* decision pitting mothers against their children and women against men” HB1 Article 5 section a) 4

This is the beginning of something very significant. We are seeing a definite move from the foolishness of the “incremental approach” to an all out stand on God’s Word. There is no stain of incrementalism or compromise in HB1. The Bill simply expands on our motto, “Pro-life! No apologies, no exceptions!” There are no escape clauses to kill a child in HB1.
