Bill O'Reilly has never heard of mass murderer George Tiller? You have got to be kidding!

Tiller has never met a baby he would not kill, baptize in the name of Jesus,' and then burn to ashes in his own "on premises" crematorium. He is simply the single most notorious murderer in the United States of America. People from around the world come to kill their children in Tiller's abortion mill.

"Tiller the Killer," the mad butcher of children in Wichita, is finally being exposed for what he really is. This is all taking place at the very same time Dennis Rader, aka the BTK (bind, torture, kill) Murderer, is being brought to justice in Wichita. Coincidence? Not in God's economy.

**These two men have much in common:**

- Neither have respect for anyone else's lives but their own. Apart from the thousands upon thousands of babies he has killed, Mr. Tiller just finished mutilating a young lady with Down Syndrome last month. He was performing an abortion on her and somehow allowed her to bleed to death on the table. Of course, he succeeded in killing the baby. Talk about bind, torture, and kill.
- Both perpetrate their heinous acts in secret. Neither want their actions to be exposed. Tiller does

not want the records of the young women on whom he has performed abortions (some 11-14 years old), to be given over to the state Attorney General, Phil Kline. Both Tiller and Rader play sophomoric little games with the media, police, and the government – “Catch me if you can!”

- Both believe they can kill with impunity. Tiller has been doing it for years, and getting away with it. It was no different with Dennis Rader.
- Both are members in good standing in their respective churches. Mr. Tiller was on the Board of Elders at the Reformation Lutheran Church in Wichita for years. Dennis Rader was on the Board of the Christ Lutheran Church in Wichita for years. Both of these churches are in the same synod, the Evangelical Lutheran Church of America (ELCA). *(Just a cursory look at the ELCA will show that they are pro-abortion, pro-homosexual, and absolutely apostate – a breeding ground and a great cover for murderers).*
- Both began killing in the same year. Rader's first murder is well-documented on January 14, 1974.

George Tiller's first murder (abortion) was also performed in 1974 at Wesley Hospital in Wichita.

- Both Tiller and Rader have been considered model citizens in their community. Tiller's name can be found as one of the contributors at "Exploration Place" in Wichita – a great place for parents to take their kids to learn. He is highly respected in the Democratic Party even to the point of spending a night in the Lincoln Bedroom of the White House during the Clinton Administration. Mr. Rader was a leader of a Cub Scout den in Wichita and also worked for the city.
- Unfortunately for the citizens in the city of Wichita and all of us in America, both men are inhabited by a spirit of murder. This spirit, once unleashed upon a city or a nation, knows no bounds and only increases in ferocity until violence overwhelms the earth. To lock up one and not the other, is to allow this spirit of murder to continue its savagery with impunity.

The one thing that we can find different between these two men is that BTK stopped killing in 1991. That is the same year that Christians from across America came to Wichita to lay their lives down in front of Tiller's abortion mill so that the slaughter of little baby boys and girls waiting to be born would stop.

Over 2500 Christians were arrested during the tumultuous summer of 1991. The gates of hell in Wichita, KS were hemorrhaging as the Church of Jesus Christ allowed her theology to be biography in the streets. This was enough to stop BTK, but George Tiller continued on in his murderous spree.

God is speaking to the saints in Wichita and, indeed, He is speaking to all of us in America. What is He saying? *"See how the faithful city has become a harlot! She was once full of justice; righteousness used to dwell in her - but now murderers!" Isaiah 1:21.* Yes, our great country has become a nation of murderers.

As we have shed blood in the womb, we are reaping a horrible harvest of bloodshed in our schools, workplaces, and streets. *"...bloodshed follows bloodshed..." Hosea 4:2.* If we sow blood in the womb, we will reap blood in the streets.

Removing the BTK murderer from the streets of Wichita will not restore peace to that city. There will be others more ferocious than he. How do I know? *"Do not be deceived; God cannot be mocked, a man reaps what he sows." Galatians 6:7.*

Until George Tiller and his ilk are brought to justice, and the shedding of innocent blood in the womb ceases, there will be an ever increasing harvest of bloodshed in Wichita and in America.
