for Expectant Mothers and Fathers

Reid Goodman, M.D.

Reid graduated from the University of Colorado School of Medicine and completed his residency at the University of California. In 1979, Reid joined his father, the late Dr. Stan Goodman, in private practice. Continuing his father's legacy, Reid continues to see three generations of patients, providing high-quality healthcare services the community has come to respect. A native of Colorado, Reid's family first settled in Colorado in 1891. A family man, Reid is married and has two sons, a daughter, and two grandchildren. Interestingly, Reid's wife also worked in the field of obstetrics as a Lamaze teacher at Rose Medical for many years.

Jacqueline Demolin, M.D.

Jacqueline graduated from the University of Liege in Belgium and completed her residency at Albert Einstein Medical Center in Philadelphia. A Colorado resident since 1982, Jackie has been in practice with us since 1985. Originally from Belgium, Jackie speaks fluent French. Additionally, Jackie is a loving, single mom with two sons.

Wendy Berenbaum, M.D.

A graduate of the University of Colorado School of Medicine, Wendy completed her residency at St. Joseph Hospital here in Denver and has been in practice with us since 1990, Wendy grew up in Denver and is married with two college age daughters. She loves to travel, ski and cook.

Bhavani Chillara, M.D.

Bhavani Chillara Graduated from Jersey Shore University Medical Center OB/GYN residency program in 2006. She was born and raised in India and relocated to the United States in 1999. She is young and energetic and emphasizes the importance of personalized care. She is interested in preventative women's health, management of high risk pregnancies, gynecologic surgery and adolescent gynecology. She enjoys outdoor activities such as hiking and biking. She is married, and has a daughter and a son.

General Information

We are glad you have taken this opportunity to use our new Web site and look forward to developing a lasting professional relationship with you. Now that you have met our doctors and staff, we hope that you will give us an opportunity to be your health care providers. Here is additional information about our practice.

A long-standing service provider in the community, we have three generations of patients and have worked out of Rose Medical Center for over 40 years. The late Dr. Stan Goodman, founder of Mile High OB/GYN, practiced until he passed away in 1998. His colleagues, son Dr. Reid Goodman; Dr. Jacqueline Demolin; Dr. Wendy Berenbaum; and Dr. Bhavani Chillara carry on the excellence in health care upon which our practice was founded.

Each doctor sees obstetric patients on a rotating basis, and the doctor on call performs the delivery. In our practice, you are welcome to see any of our doctors, and we will always see urgent problems immediately. Further, we staff an on-call doctor 24 hours a day for urgent problems.

We are open Monday through Friday, 9 a.m. - 5 p.m. We have two locations: one in Denver and one in Englewood. The Denver office is our main office. Our ultrasound tech is located at our main office. Our deliveries and surgeries are performed at Health One Rose Medical Center. Rose is Denver's premier hospital for women's health care services since 1979.
