

Planned Parenthood – Miracles in New Orleans! by Brother Bill Shanks

Caveat: Brother Bill Shanks and Brother Dale Sochia have been very busy preparing the way for us to storm the gates of hell in the city of New Orleans this summer. As they have been planning our way, God has been directing their steps. Enjoy this report from Brother Bill.

Here is a picture of us at the Planned Parenthood construction site New Orleans. God is giving the workers some “Shock and awe!”

I informed these workers that Planned Parenthood had to kill babies in order to pay them and that they were accessories to the murder of the children that would be killed in that place. They heard the Word!

These workers said they did not want to work here any longer. I had the privilege of praying with them and for them that God would give them the courage to do His will.

The electrical engineer for the Planned Parenthood project had already been prompted by God to quit after Brother Dale and I visited his home. He said he knew it was wrong. We prayed for him and his family. The three cement companies in New Orleans also won't sell Planned Parenthood any cement for the project. Glory!

Simple little Christians living out their faith in the streets of New Orleans who are saying, “NO!” to the devil, and “Yes” to Almighty God!” These are small victories that are leading to an ever greater triumph that will bring these gates of hell crashing to the ground.

House Bill 388 just passed in the House and Senate here in Louisiana, and is now headed to the governor's desk. Governor Bobby Jindal, a dynamic Christian, will sign this bill. The bill says that abortionists must have hospital privileges in order to do abortions in Louisiana. That should shut down the two abortion mills in the New Orleans area and the one left in Baton Rouge on September 1, 2014. Thank you Jesus!

Looking forward to all you guys coming to the Operation Save America National Event, July 19-26th here in New Orleans.

Bro. Bill Shanks
